### ASSE 6040 MEDICAL GAS SYSTEMS MAINTENANCE PERSONNEL COURSE SYNOPSIS

The course begins with an introduction to the 2012 NFPA 99 Code and ASSE Series 6000 Standard.

Chapters 1, 3, 4, 5 and 9 from the NFPA 99 are covered, along with the ASSE 6040 "Medical Gas Systems Maintenance Personnel" Standard from the ASSE Series 6000, with Annex D and J.

Each student will receive complete copies of both documents, as well as a binder containing source equipment operating technologies, schematic diagrams, operating and maintenance instructions for medical gas systems for practical instruction, and question worksheets.

A minimum test score of 75% is required to pass the written exam. The exam consists of 100 questions and is an open book test.

Upon successful completion of the course, a certificate and picture ID card are mailed to the student's employer.

The cost of the course is \$900 per student, with a minimum of (8) students required for a class.

Class will start at 8:00 AM and last until 5:00 PM each day, with the exception of the final (test) day, as some students may finish earlier than others.

Please note: This course requires nightly homework. If you or your registered employee is required to attend class as well as perform job duties in the evenings, they are not likely to pass this test.
