- A. Medical Air Supply/Source Systems
- B. Medical Air Supply/Source Proportioning Systems
- C. Medical Surgical Vacuum Supply/Source Systems
- D. Waste Anesthetic Gas Disposal (WAGD) Supply/Source Systems
- E. Instrument Air Supply/Source Systems
- F. Gas and Vacuum Shutoff Valves

DAY FOUR

- A. Maintenance of Medical Gas, Vacuum, WAGD, and Medical Support Gas Systems
- B. Category 2 and Category 3 Systems
- C. Gas Equipment Storage, Operations and Maintenance
- D. ASSE 6040 Professional Qualification Standard, Annex D and Annex J
- E. Test

ASSE 6040 MEDICAL GAS SYSTEMS

MAINTENANCE PERSONNEL COURSE SYNOPSIS

The course begins with an introduction to the 2012 NFPA 99 Code and ASSE Series 6000 Standard. Chapters 1, 3, 4, 5 and 9 from the NFPA 99 are covered, along with the ASSE 6040 "Medical Gas Systems Maintenance Personnel" Standard from the ASSE Series 6000, with Annex D and J.

Each student will receive complete copies of both documents, as well as a binder containing source equipment operating technologies, schematic diagrams, operating and maintenance instructions for medical gas systems for practical instruction, and question worksheets.

A minimum test score of 75% is required to pass the written exam. The exam consists of 100 questions and is an open book test. Upon successful completion of the course, a certificate and picture ID card are mailed to the student's employer.

The cost of the course is \$900 per student, with a minimum of (8) students required for a class. Class will start at 8:00 AM and last until 5:00 PM each day, with the exception of the final (test) day, as some students may finish earlier than others.

Please note: This course requires nightly homework. If you or your registered employee is required to attend class as well as perform job duties in the evenings, they are not likely to pass this test.

EMGS courses are taught by a credentialed ASSE 6050 instructor with over 20 years of experience in the medical gas industry.

ASSE 6040

Exam Application

COURSE DATE: *February 12 - 15, 2024*

TIME: *8:00 AM Eastern Time*

LOCATION: *EMGS, Villa Rica, GA and Virtual*

Contact person will receive future renewal information. If this is same as applicant, leave blank.

Paragraph 40-3.2.1 of the 2021 Edition of the ASSE 6040 Standard states "The candidates for the ASSE 6040 certification shall be employed or contracted by a health care facility or be actively engaged in working with medical gas systems, and shall have one (1) year minimum experience in the maintenance of the medical gas and vacuum systems."

Please list the documented experience for the applicant below:

Employer, City & Phone Number

Dates

☐ I have read the Information Sheet for MGA Exams and agree to abide by the rules listed.

☐ I have or will have completed the 24-hour course required to fulfill this certification.

Please note: In order to keep this license valid, a short course and test must be completed every 3-years when a new NFPA 99 edition is released. This course and test will cover changes made from the previous edition. It is the license holders responsibility to check their expiration date and schedule testing, although MGA will send an email to currently licensed individuals at least once when a new NFPA 99 edition is released.
